

We Offer In-School Workshops!

Enhanced programs designed to go hand-in-hand with your science curriculum

Fill your classroom with imagination & curiosity. Let us put the WOW back in science! Our innovative in-school workshops will make science meaningful & memorable for your students!

-  **Engaging Interactive & Educational**
-  **Hands-On & Age Appropriate**
-  **All Supplies Included**
-  **Take Home Experiments**

Choose from over 50 hands-on science workshops & go beyond teaching the science standards... experience them! Rated #1 in-school field trips for nearly 20 years in the US. Our in-class field trips serve KG1 to Year 6! Call us today for reservations.

Our science programs can be adapted to fit your school curriculum
